**Save me from  
extinction.**

**And save Frodo, too!**

**Robots like me  
are what's possible  
through the  
Muncie FIRST  
Robotics program.**

**Our survival depends  
on your help.**

Your donation will ensure the Muncie FIRST Robotics program exists another year and beyond.

The program is a great opportunity to help students explore a future in technology. FIRST offers students a jump-start for colleges, corporations and careers.

However, without your support, these robots are at risk of remaining a figment of students' imagination.

**Meet Frodo**

Frodo is Muncie's very own Team 1720 robot. He ranked 3rd in 2007 competition.

FIRST (For Inspiration and Recognition of Science and Technology)

Team 1720 (Muncie FIRST Robotics)
